Forecast for Sunday 24 Apr 2022

Weather: A fairly cloudy start to Sunday across the park, but cloud soon lifting and breaking with mostly clear skies from mid-morning. Some cloud bubbling up during the course of the afternoon, perhaps with the odd shower. Winds easing with scattered clear spells overnight.

Chance of cloud-free hill tops above 600m: 60% rising to 90% from mid-morning.

Low cloud and visibility: Shreds of cloud with bases 600-700m through the morning, but the cloud will lift and break up with most cloud bases above the level of the summits during the afternoon. Good visibility beneath the cloud base throughout the day, but dropping in any showers.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Sheltered valleys may well feel quite pleasant, but it will feel much colder in the strong and gusty winds at height, especially in conjunction with any showers through the afternoon. In additional with clear skies, and moderate levels of UV, some sun protection would be advised if spending time on the hills and mountains.

Recent rainfall: measured at Neuadd: altitude 353m

Forecast for Monday 25 Apr 2022

Weather: Lighter north-easterly winds, with a mixture of sunny spells and variable amounts of cloud. Isolated afternoon showers are possible but these dying out late in the afternoon, but a mostly dry picture is expected.

Maximum wind: Easterly, 15-20 mph gusting 25-30 mph.

Chance of cloud-free hill tops above 600m: 40% rising to 80% during the morning.

Low cloud and visibility: Extensive cloud with bases 400-600m through the morning, but the main cloud base lifting above the summits by the afternoon. Good visibility beneath the cloud base through the morning, becoming generally good in the afternoon, aside from temporary reductions in any showers.

Temperature: **Valleys:** Plus 5 Celsius rising to Plus 15 Celsius by the afternoon.
At 600m: Plus 6 to Plus 8 Celsius.
Freezing level: Above the summits.
